

Appetyle Syrup

Herbal Appetizer Syrup – Natural Digestive & Appetite Enhancer

Composition:

A scientifically formulated blend of herbal extracts known for their digestive and appetite-boosting properties.

Pharmaceutical Segment:

Herbal | Digestive Health | Nutraceutical | Ayurveda

Brand Name:

[Your Brand Name]

Therapeutic Indications:

- **Primary Use:** Stimulates appetite and improves digestive functions
- **Secondary Benefits:**
 - Aids in the natural secretion of digestive enzymes
 - Relieves bloating, acidity, and indigestion
 - Enhances metabolism for better nutrient absorption
 - Supports liver function and gut health
 - Ideal for individuals with poor appetite due to illness or malnutrition

Product Overview

Herbal Appetizer Syrup is a unique herbal formulation designed to naturally improve appetite and support digestion. It is enriched with time-tested Ayurvedic herbs that help stimulate hunger, promote healthy digestion, and relieve common digestive issues like indigestion, gas, bloating, and acidity.

This syrup is particularly beneficial for children, adults, and elderly individuals who experience loss of appetite due to poor digestion, post-illness

recovery, or nutritional deficiencies. Its gentle, non-habit-forming herbal formula makes it safe for long-term use.

- Promotes natural hunger and supports healthy digestion
- Reduces bloating, acidity, and gas naturally
- Improves gut health and overall metabolism
- Free from artificial additives, preservatives, and synthetic flavors
- Manufactured under WHO GMP-certified standards

Key Herbal Ingredients & Benefits

- **Asafoetida (Hing):** Aids digestion and reduces bloating
- **Ginger Extract:** Stimulates appetite and relieves indigestion
- **Fennel (Saunf):** Enhances gut health and regulates digestive functions
- **Black Pepper:** Improves metabolism and nutrient absorption
- **Triphala:** Detoxifies the digestive system and supports liver function
- **Ajwain:** Provides relief from acidity, flatulence, and gas

This natural combination works synergistically to enhance appetite and improve overall digestive wellness.

Dosage & Administration

- **Adults:** 10-15ml twice a day before meals
- **Children (above 5 years):** 5-10ml twice a day before meals
- **Infants (under doctor's supervision):** As directed by the physician

Shake well before use. Store in a cool, dry place away from direct sunlight.
