

Information For the User  
Atorvastatin Calcium I.P. 80mg Tablet

# Atorable 80 Tablet

**Brand Name:** Atorable 80 Tablet

**Dosage Form:** Tablet

**Composition:**

Each film-coated tablet contains:

- Atorvastatin Calcium IP equivalent to Atorvastatin 80 mg

**Description:**

Atorable 80 Tablet contains Atorvastatin, a HMG-CoA reductase inhibitor used for intensive lipid-lowering therapy. It is indicated for patients requiring substantial reduction in cholesterol levels and cardiovascular risk. It helps in lowering elevated levels of total cholesterol, LDL-cholesterol, triglycerides, and apolipoprotein B.

**Indications:**

Indicated for the treatment of:

- Primary hypercholesterolemia
- Mixed dyslipidemia
- Homozygous and heterozygous familial hypercholesterolemia
- Prevention of cardiovascular events in high-risk patients

It helps in reducing the risk of myocardial infarction, stroke, and other atherosclerotic complications.

**Dosage & Administration:**

Dosage should be as directed by the physician.

The tablet should be swallowed whole with water and may be taken with or without food.

Lipid profile and liver function tests should be monitored periodically.

**Pharmacological Action:**

Atorvastatin inhibits HMG-CoA reductase, the rate-limiting enzyme in cholesterol biosynthesis, resulting in decreased hepatic cholesterol production and increased clearance of LDL-cholesterol from the bloodstream.

**Side Effects:**

Generally well tolerated.

Possible side effects include headache, myalgia, gastrointestinal discomfort, nausea, and elevation of liver enzymes.

**Precautions & Warnings:**

- Use with caution in patients with hepatic impairment
- Monitor liver enzymes before initiation and during therapy
- Discontinue therapy if unexplained muscle pain, tenderness, or weakness occurs
- Contraindicated during pregnancy and lactation

**Drug Interactions:**

Concomitant use with strong CYP3A4 inhibitors may increase atorvastatin plasma levels. Use caution when co-administered with other lipid-lowering agents due to increased risk of myopathy.

**Storage:**

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**
