

Calanist Lotion

Calamine (8%) + Aloe Vera (10%) + Light Liquid Paraffin (10%) Lotion

Introduction

Calamine + Aloe Vera + Light Liquid Paraffin Lotion is a **skin-soothing, moisturizing, and protective lotion** formulated to relieve **itching, irritation, and dryness** caused by various skin conditions. It combines **calamine**, a well-known anti-itch agent, with **aloe vera**, a natural skin soother, and **light liquid paraffin**, an effective emollient that locks in moisture.

Composition

Each 100 mL of lotion contains:

- **Calamine IP 8% w/v** – Skin protectant & anti-itch agent
- **Aloe Vera Extract 10% w/v** – Natural skin moisturizer & healer
- **Light Liquid Paraffin 10% w/v** – Emollient & skin barrier protector
- **Base (q.s.)** – Creamy lotion formulation for easy absorption

How Does It Work?

1. Calamine (8%) – Soothing & Anti-Itch Agent

- Contains **zinc oxide**, which has **anti-inflammatory and cooling effects**.
- Provides relief from **itching, redness, and rashes**.
- Absorbs excess oil and prevents skin irritation.

2. Aloe Vera (10%) – Natural Skin Healer

- Rich in **antioxidants, vitamins, and minerals** that help in skin repair.
- Soothes **sunburn, irritation, and minor wounds**.
- Hydrates the skin and promotes a **soft, smooth texture**.

3. Light Liquid Paraffin (10%) – Moisture Locking Emollient

- Forms a **protective barrier** on the skin to **prevent water loss**.
- Keeps the skin hydrated and **prevents dryness and scaling**.
- Helps in conditions like **eczema, dermatitis, and dry skin disorders**.

Indications – Who Should Use This Lotion?

This lotion is beneficial for individuals suffering from:

- **Skin Itching & Irritation** – Due to insect bites, allergies, or infections
- **Dry & Flaky Skin** – Caused by weather changes or underlying conditions
- **Sunburn & Rashes** – Soothes redness and burning sensations
- **Eczema & Dermatitis** – Helps in managing symptoms of dry, irritated skin
- **Heat Rashes & Prickly Heat** – Provides a cooling effect
- **Post-Chickenpox Itching** – Reduces discomfort from healing skin

Key Benefits

- **Relieves Itching & Irritation** caused by rashes, sunburn, or allergies.
- **Hydrates & Nourishes the Skin**, preventing dryness.
- **Provides a Cooling & Soothing Effect** on inflamed skin.
- **Forms a Protective Barrier** to retain moisture and prevent further irritation.
- **Safe for All Skin Types**, including sensitive skin.

How to Use – Application Guide

1. **Clean & Dry the Affected Area** before application.
2. **Take a Small Amount** of lotion and apply a thin layer.
3. **Gently Massage** until fully absorbed.

4. **Use 2–3 times daily** or as directed by a healthcare professional.

Precautions & Warnings

- **For external use only.** Avoid contact with eyes, mouth, or open wounds.
- **Do not use on deep cuts, severe burns, or infected skin** without medical advice.
- **Perform a patch test** before first use to check for allergic reactions.
- **Pregnant or breastfeeding women should consult a doctor** before use.
- **Keep out of reach of children.**

Possible Side Effects

While this lotion is generally well-tolerated, some individuals may experience:

- **Mild skin irritation** or redness
- **Allergic reaction** (rare)
- **Temporary stinging sensation** in sensitive areas

If any severe reactions occur, discontinue use and seek medical advice.

Frequently Asked Questions (FAQs)

1. Can this lotion be used for dry skin?

Yes, it is specifically designed to **hydrate and protect** dry skin.

2. Is it safe for children?

Yes, but for infants or very young children, consult a doctor before use.

3. Can I use it on my face?

Yes, but avoid application near the eyes and mouth.

4. How long does it take to see results?

Relief from itching is often immediate, while hydration benefits can be seen within **a few days of regular use.**

5. Can I use this lotion daily?

Yes, it is safe for **daily use** to maintain skin hydration and prevent irritation.

Storage & Shelf Life

- Store in a **cool, dry place** away from direct sunlight.
- Shelf life is typically **24 to 36 months** from the date of manufacture.
- Keep the container tightly closed when not in use.

Conclusion

Calamine (8%) + Aloe Vera (10%) + Light Liquid Paraffin (10%) Lotion is an **effective solution for skin itching, dryness, and irritation.** It provides **soothing relief, deep hydration, and long-lasting protection,** making it an essential addition to daily skincare routines for individuals with sensitive or dry skin. If symptoms persist, consult a healthcare professional for further evaluation.
