

Calostyle D3 Drop

Cholecalciferol 800 IU Drops

Generic Name: Cholecalciferol (Vitamin D3)

Strength: 800 IU per drop

Dosage Form: Oral Drops (Suspension)

Description:

Cholecalciferol (Vitamin D3) is a fat-soluble vitamin critical for the absorption and regulation of calcium and phosphorus, essential for healthy bones, teeth, and immune function. Cholecalciferol 800 IU Drops provide a convenient way to deliver precise doses of Vitamin D3 for individuals with deficiency or increased requirements.

Indications:

This product is indicated for:

- Vitamin D Deficiency Prevention and Treatment:**
 - For individuals with insufficient sunlight exposure.
 - For people with dietary inadequacies or malabsorption conditions (e.g., celiac disease, Crohn's disease).
 - Bone Health Support:**
 - Prevention of rickets in children and osteomalacia in adults.
 - Supporting bone density in conditions like osteoporosis.
 - Immune System Support:**
 - Promoting overall immunity, especially during seasonal changes or low Vitamin D levels.
-

Composition:

Each drop contains:

- Cholecalciferol (Vitamin D3): 800 IU**

Excipients: Purified water, stabilizers, glycerin, preservatives, and flavoring agents.

Dosage and Administration:

Recommended Dosage:

- Infants (below 1 year):** 1 drop daily or as prescribed by a physician.
- Children (1-12 years):** 1–2 drops daily or as directed by a doctor.
- Adults and Elderly:** 1–2 drops daily or as advised by a healthcare professional.

How to Administer:

- Shake the bottle well before use.
 - Administer directly into the mouth or mix with a small amount of milk, water, or food.
 - Use the included dropper to ensure accurate dosing.
-

Contraindications:

- Hypersensitivity to cholecalciferol or other components.
 - Hypercalcemia (high blood calcium levels).
 - Hypervitaminosis D (excess Vitamin D in the body).
-

Precautions and Warnings:

- **Monitor calcium and Vitamin D levels during prolonged use.**
 - **Use cautiously in individuals with renal impairment or sarcoidosis.**
 - **Avoid additional Vitamin D supplements unless prescribed by a healthcare provider.**
 - **Pregnant and breastfeeding women should consult a doctor before use.**
-

Always consult a healthcare provider for proper diagnosis, dosage, and duration of use. Do not exceed the recommended dose.
