Calcium Polystyrene Sulphonate

B.P.

15 gm.

Effective Relief from Constipation

Calcium Polystyrene Sulphonate helps **relieve occasional constipation** and promotes easier bowel movements.

Works Gently & Effectively

Acts locally in the intestine to retain water in stools, **softens them** and facilitates natural evacuation.

Supports Electrolyte Balance

Helps in exchanging calcium for sodium in the gut, supporting overall **electrolyte balance**.

Safe for Regular Use

Well tolerated when used as directed to maintain **regular bowel habits**.

Suitable for All Age Groups

Convenient sachet formulation suitable for **adults and elderly**.

Indications

Constipation • Irregular Bowel Movements • Hard & Dry Stools • Bloating & Discomfort • Support Bowel Regularity
