

Carnitale 500

Levocarnitine USP 500mg

INDICATIONS

Heart Failure

Peripheral Neuropathy

Fatty Liver

Muscle Weakness

Chronic Kidney Disease

Post-Surgical Recovery

Supports Cardiac Function

Enhances myocardial energy metabolism and cardiac performance.

Boosts Cellular Energy

Facilitates fatty acid transport for improved ATP production.

Neuroprotective Support

Aids in neuronal energy metabolism and neurological recovery.

Improves Muscle Performance

Reduces fatigue and supports muscle strength and endurance.

Antioxidant & Metabolic Support

Helps reduce oxidative stress and supports overall metabolism.

Safe & Well-Tolerated

Proven safety profile with effective clinical outcomes.
