

Cinacalat 90

Tablets

Cinacalcet I.P. 90 mg

Effective PTH Control

Cinacalcet helps reduce parathyroid hormone (PTH) levels effectively in secondary hyperparathyroidism.¹

Supports Bone Health

Helps improve bone turnover markers and supports overall bone health in CKD patients.²

Calcium Regulation

Effectively lowers serum calcium levels to maintain calcium balance.³

For CKD Patients

Indicated for patients with chronic kidney disease on dialysis with secondary hyperparathyroidism.⁴

Well Tolerated

Generally well tolerated with a manageable side effect profile.⁵

INDICATIONS

Secondary Hyperparathyroidism in CKD

CKD Patients on Dialysis

Management of Elevated PTH Levels

Calcium Balance in CKD
