

Information For the User
Clindamycin 100mg + Clotrimazole 100 mg Vaginal soft gel capsules

Clinzadin C 100 Softgel

Brand Name: Clinzadin C 100 Softgel

Composition:

Each soft gelatin vaginal capsule contains
Clindamycin Phosphate IP equivalent to Clindamycin 100 mg
Clotrimazole IP 100 mg

Therapeutic Indication:

Indicated for the treatment of mixed vaginal infections caused by susceptible strains of anaerobic bacteria and fungi including *Candida albicans* and *Gardnerella vaginalis*
Effective in treating bacterial vaginosis vulvovaginal candidiasis and mixed vaginitis

Mechanism of Action:

Clindamycin is a lincosamide antibiotic that inhibits bacterial protein synthesis by binding to the 50S ribosomal subunit
Clotrimazole is an imidazole antifungal that interferes with the synthesis of ergosterol, a vital component of fungal cell membranes leading to cell death
The combination ensures dual antibacterial and antifungal action for comprehensive vaginal infection control

Dosage & Administration:

One vaginal softgel capsule should be inserted deep into the vagina once daily at bedtime for 3 to 7 days or as directed by the physician
Wash hands before and after use
Do not use during menstruation
Avoid sexual intercourse during treatment

Contraindications:

Hypersensitivity to Clindamycin Clotrimazole or any component of the formulation
History of antibiotic-associated colitis including pseudomembranous colitis
Pregnancy (especially first trimester) unless clearly needed and advised by a physician

Warnings & Precautions:

For intravaginal use only not for oral or ophthalmic use
Discontinue use if irritation burning or hypersensitivity occurs
Use with caution in patients with a history of colitis or GI disorders
May weaken latex condoms or diaphragms — avoid use during and for 3 days after treatment

Side Effects:

Common: vaginal irritation itching discharge burning sensation
Less common: abdominal cramps nausea headache
Rare: hypersensitivity rash or secondary fungal infections

Storage:

Store in a cool dry place below 25°C

Protect from heat and direct sunlight
Keep out of reach of children

Packaging:

Clinzadin C 100 Softgel is available in blister packs with applicator if required

Schedule:

Schedule H Prescription Drug – To be sold by retail on the prescription of a registered medical practitioner only
