

Information For the User

Doxylamine Succinate USP 20 mg + L-Methylfolate Calcium 1 mg + Pyridoxal 5-Phosphate 10 mg + Mecobalamin IP 1500 mcg Tablet

Doxoloom Gold Tablet

Brand Name: Doxoloom Gold Tablet

Dosage Form: Tablet

Composition:

Each tablet contains:

- **Doxylamine Succinate USP 20 mg**
- **L-Methylfolate Calcium 1 mg**
- **Pyridoxal-5-Phosphate 10 mg**
- **Mecobalamin IP 1500 mcg**

Description:

Doxoloom Gold Tablet is a combination formulation used for the management of nausea and vomiting, particularly during pregnancy, and for nutritional support. Doxylamine Succinate acts as an antihistamine with antiemetic properties, while Pyridoxal-5-Phosphate supports neurotransmitter synthesis. L-Methylfolate and Mecobalamin help in correcting folate and vitamin B12 deficiencies and support neurological and hematological health.

Indications:

Indicated for:

- Nausea and vomiting of pregnancy
- Nutritional supplementation in pregnancy
- Vitamin B6, folate, and vitamin B12 deficiency states

It helps in controlling nausea while supporting maternal and fetal nutritional requirements.

Dosage & Administration:

Dosage should be taken as directed by the physician.

Administer orally with water, preferably at bedtime or as advised.

Pharmacological Action:

- **Doxylamine Succinate:** An H₁-receptor antagonist that exerts antiemetic and sedative effects.
- **Pyridoxal-5-Phosphate:** Active form of vitamin B6 involved in amino acid metabolism and neurotransmitter synthesis.
- **L-Methylfolate Calcium:** Biologically active form of folate that supports DNA synthesis and red blood cell formation.
- **Mecobalamin:** Active form of vitamin B12 essential for nerve function and hematopoiesis.

Side Effects:

Generally well tolerated. Mild drowsiness, dry mouth, or gastrointestinal discomfort may occur in some patients.

Precautions & Warnings:

- May cause drowsiness; caution advised while driving or operating machinery.

- Use under medical supervision during pregnancy.
- Do not exceed the recommended dose.

Drug Interactions:

May interact with CNS depressants, alcohol, or other sedative antihistamines.

Storage:

Store below **25°C** in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.
