

# Electroslice Green Apple Energy Drink

## Composition (per 100 ml):

- **Dextrose Anhydrous I.P.** – 13.5 g
- **Sodium Chloride I.P.** – 0.26 g
- **Potassium Chloride I.P.** – 0.15 g
- **Sodium Citrate I.P.** – 0.30 g
- **Flavour Base (Green Apple)** – q.s.
- **Aqua Base** – q.s. to 100 ml

## Description:

Electroslice Green Apple is a ready-to-drink ORS energy formulation infused with essential electrolytes and dextrose, designed to restore hydration and replenish energy levels quickly. The refreshing green apple flavour enhances palatability, making it ideal for rehydration in heat, exhaustion, travel, or sports activities. It helps maintain fluid and electrolyte balance, especially in cases of dehydration due to sweating, diarrhea, or vomiting.

## Indications:

- Oral rehydration in mild to moderate dehydration
- Fatigue, heat stress, or post-exercise recovery
- Gastrointestinal fluid loss (e.g., diarrhea, vomiting)
- Summer fatigue, electrolyte imbalance
- Supportive therapy in fever and travel dehydration

## Mechanism of Action:

The combination of dextrose and electrolytes promotes rapid absorption of sodium and water in the small intestine. Dextrose enhances sodium transport, improving water reabsorption. Sodium and potassium maintain osmotic balance and muscle function, while citrate helps correct acidosis.

## Dosage and Administration:

Shake well before use.

- **Adults and children over 5 years:** 100–200 ml at regular intervals as required
  - **Children under 5 years:** As directed by the physician
- Consume within 24 hours of opening. Do not dilute further.

## Contraindications:

- Severe dehydration requiring IV fluids
- Renal impairment with oliguria/anuria
- Hypersensitivity to any ingredient

## Precautions:

- Not a substitute for parenteral hydration in severe cases

- Use cautiously in patients with diabetes or renal impairment
- For oral use only
- Do not freeze

**Side Effects:**

Generally well tolerated. Occasionally may cause mild bloating or nausea.

**Storage:**

Store in a cool, dry place below 30°C. Protect from direct sunlight. Once opened, refrigerate and consume within 24 hours.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**
