Description:

Forpure Syrup is an Ayurvedic proprietary formulation containing a blend of time-tested herbs traditionally recognized for their blood-purifying, skin-supportive, and detoxifying properties. The formulation helps support healthy skin, assists the body's natural detoxification processes, and promotes overall wellness. It is traditionally used to manage skin disorders associated with impurities in the blood and helps maintain healthy liver and digestive functions.

Indications:

Traditionally used for the management of:

- Acne and pimples
- Boils and skin eruptions
- Eczema and itching associated with skin disorders
- Blood purification
- Skin allergies
- General skin health and complexion support

It helps in purifying the blood, promoting healthy skin, reducing recurrent skin eruptions, and supporting overall skin wellness.

Dosage & Administration:

Dosage should be taken as directed by the Ayurvedic physician or healthcare professional.

Shake well before use.

The syrup should preferably be taken after meals with water or as advised.

Pharmacological Action:

- Majith is traditionally known for its blood-purifying and skin-supportive properties.
- Bakuchi is valued in Ayurveda for maintaining healthy skin pigmentation and supporting various skin conditions.
- Neem and Chirayata possess traditional detoxifying, antimicrobial, and skin-supportive properties.
- Pitpapraa supports liver function and assists in natural detoxification.

- Ashok, Siras, and Unab contribute to overall tissue health and help maintain normal physiological balance.

Together, these ingredients help purify the blood, support liver function, promote healthy skin, and improve overall well-being.

Side Effects:

When taken in the recommended dosage, the product is generally well tolerated.

No significant adverse effects have been reported with normal use.

Hypersensitivity to any ingredient may occur in susceptible individuals.

Precautions & Warnings:

- Use under the guidance of a qualified Ayurvedic physician or healthcare professional
 - Do not exceed the recommended dosage
 - Individuals with known hypersensitivity to any ingredient should avoid use
 - Pregnant and lactating women should consult a healthcare professional before use
 - Keep out of reach of children
-

Drug Interactions:

No significant drug interactions are known when used as recommended.

Patients receiving concurrent medication should consult a healthcare professional before use.

Storage:

Store below 25°C in a cool, dry place.

Protect from direct sunlight and moisture.

Keep the bottle tightly closed after use.

Keep out of reach of children.
