Description:

Glotype Cream is a skin-replenishing emollient cream formulated to provide hydration, nourishment, and protection. It combines natural oils and humectants with vitamins and antioxidants to restore skin softness and maintain moisture balance.

Indications:

- Daily moisturization for dry and dehydrated skin
- Soothing of irritated or rough skin
- Supportive care in dermatitis or eczema
- Protection against environmental stressors
- Post-treatment skin hydration in dermatological procedures

Directions for Use:

- Apply a sufficient quantity over the affected or desired area
- Massage gently in a circular motion until fully absorbed

- Use twice daily or as directed by a physician

Contraindications:

- Hypersensitivity to any of the ingredients

Warnings and Precautions:

- For external use only
- Avoid contact with eyes and mucous membranes
- Discontinue use if irritation or rash develops
- Keep out of reach of children

Storage:

- Store in a cool, dry place below 25°C
- Protect from direct sunlight
- Do not freeze

Presentation:

- Available in tubes or jars as per pack size

Conclusion:

Glotype Cream provides intensive skin nourishment with the benefits of Aloe Vera, Jojoba Oil, and Vitamin E, making it ideal for dry, sensitive, or environmentally stressed skin.
