

Information For the User

Metadoxine (500mg) + Silymarin (140mg) + L-Ornithine L-Aspartate (150mg) + Vitamin B6 (Pyridoxine) (3mg) + Folic Acid (1.5mg) Tablet

# Hepalogy Max Tablet

Hepalogy Max Tablet

**Dosage Form:** Tablet

**Composition:**

Each film coated tablet contains:

Metadoxine 500 mg

Silymarin 140 mg

L-Ornithine L-Aspartate 150 mg

Pyridoxine Hydrochloride I.P. (Vitamin B6) 3 mg

Folic Acid I.P. 1.5 mg

**Description:**

Hepalogy Max Tablet is a hepatoprotective formulation containing Metadoxine, Silymarin, L-Ornithine L-Aspartate, Vitamin B6, and Folic Acid. It is used as supportive therapy in various liver disorders and helps improve liver function by promoting detoxification, reducing oxidative stress, and supporting liver cell regeneration. The combination helps protect hepatocytes from damage caused by toxins, alcohol, and metabolic disorders while improving overall liver health.

**Indications:**

Fatty liver disease (alcoholic and non-alcoholic)

Alcohol-related liver disorders

Liver detoxification support

Elevated liver enzymes

Supportive therapy in chronic liver diseases

**Dosage & Administration:**

Dosage should be taken as directed by the physician.

Tablet should be swallowed whole with water, preferably after meals.

**Pharmacological Action:**

Metadoxine enhances hepatic detoxification and helps reduce alcohol-induced liver damage.

Silymarin acts as a potent antioxidant and stabilizes liver cell membranes, promoting hepatocyte regeneration.

L-Ornithine L-Aspartate helps in ammonia detoxification and supports the urea cycle, improving liver metabolism.

Pyridoxine and Folic Acid support metabolic processes and contribute to overall liver function and cellular health.

The combination provides hepatoprotective, antioxidant, and detoxifying benefits.

**Side Effects:**

Mild gastrointestinal discomfort

Nausea

Abdominal pain  
Rare allergic reactions

**Precautions & Warnings:**

Use under medical supervision only.  
Use cautiously in patients with severe hepatic or renal impairment.  
Patients with chronic liver disease should undergo regular liver function monitoring.

**Drug Interactions:**

May interact with certain hepatotoxic drugs and vitamin supplements.  
Consult physician before using with other medications.

**Storage:**

Store below 25°C in a dry place.  
Protect from light and moisture.  
Keep out of reach of children.
