# Heparachit 5g Syrup

**Brand Name:** Heparachit 5G Syrup

**Dosage Form:** Herbal Syrup

**Composition:**

Each dose contains:

- Herbal Liver Tonic 5G Formula
- Herbal Antacid Blend
- Herbal Alkalizer Blend
- Digestive Enzyme Blend
- Syrup base q.s.

*(Contains herbal ingredients as per the approved formulation.)*

---

**Description:**

Heparachit 5G Syrup is a comprehensive Ayurvedic herbal formulation enriched with liver-supportive herbs, digestive enzymes, antacid, and alkalizing components. It is formulated to promote healthy liver function, support the body's natural detoxification processes, improve digestion, and provide relief from acidity and gastric discomfort. The synergistic blend of herbal ingredients helps maintain digestive wellness, stimulates appetite, and enhances overall gastrointestinal health.

---

**Indications:**

Traditionally used for:

- Support of healthy liver function
- Indigestion and dyspepsia
- Hyperacidity and gastric discomfort
- Loss of appetite
- Bloating and flatulence
- General digestive weakness

It helps in promoting liver health, improving digestion, enhancing appetite, and maintaining gastrointestinal comfort.

---

**Dosage & Administration:**

Dosage should be taken as directed by the healthcare professional or as mentioned on the product label.

Shake well before use.

The syrup should preferably be taken after meals.

---

**Pharmacological Action:**

- The Herbal Liver Tonic Blend supports normal liver function and assists the body's natural detoxification processes.
- The Digestive Enzyme Blend promotes digestion and improves nutrient utilization.
- The Herbal Antacid Blend helps neutralize excess gastric acidity and relieves acid-related discomfort.
- The Herbal Alkalizer Blend helps maintain gastrointestinal pH balance and supports digestive health.

Together, these actions help improve liver function, digestive efficiency, and overall gastrointestinal wellness.

---

**Side Effects:**

When used as recommended, the product is generally well tolerated.

Occasionally, mild gastrointestinal discomfort or hypersensitivity to any ingredient may occur in susceptible individuals.

---

**Precautions & Warnings:**

- Use as directed by the healthcare professional
  - Do not exceed the recommended dosage
  - Individuals with known hypersensitivity to any ingredient should avoid use
  - Consult a healthcare professional before use during pregnancy, lactation, or if taking other medications
  - Keep out of reach of children
- 

**Drug Interactions:**

No significant drug interactions are known when used as recommended.

Patients receiving concurrent medication should consult a healthcare professional before use.

---

**Storage:**

Store below 25°C in a cool, dry place.

Protect from direct sunlight and moisture.

Keep the bottle tightly closed after use.

Keep out of reach of children.
