

Information For the User
Iguratimod (25mg) Tablet

Iguhype 25 Tablet

Brand Name: Iguhype 25 Tablet

Dosage Form: Tablet

Therapeutic Category: Disease-Modifying Anti-Rheumatic Drug (DMARD)

Composition:

Each film-coated tablet contains:

- Iguratimod I.P. 25 mg
- Excipients q.s.
- Colour: Approved colour used

Pharmacology & Mechanism of Action:

Iguratimod is a novel DMARD that exerts anti-inflammatory and immunomodulatory effects. It inhibits the production of inflammatory cytokines such as TNF- α , IL-1 β , and IL-6. It also suppresses nuclear factor- κ B (NF- κ B) activation and inhibits immunoglobulin production in B cells. This helps reduce inflammation, joint damage, and progression of autoimmune diseases like rheumatoid arthritis.

Indications:

- Rheumatoid arthritis (RA) – active and moderate to severe cases
- As an adjunct to methotrexate or other DMARDs in inadequate responders
- Autoimmune-related inflammatory joint disorders (as per physician's guidance)

Dosage & Administration:

- Recommended dose: One tablet (25 mg) twice daily after meals
- Dose may be adjusted as per clinical response
- Administer under the supervision of a qualified physician

Contraindications:

- Hypersensitivity to Iguratimod or any component of the formulation
- Severe hepatic or renal impairment
- Pregnancy and lactation (unless advised by a specialist)

Warnings & Precautions:

- Monitor liver function tests (LFTs) and complete blood count (CBC) periodically
- Use with caution in patients with a history of gastrointestinal ulcers or infections
- Not recommended in pediatric patients due to limited safety data
- Avoid use with other hepatotoxic or nephrotoxic agents

Drug Interactions:

- May enhance the effects of other immunosuppressive agents
- Caution advised when co-administered with methotrexate, leflunomide, or NSAIDs

Adverse Effects:

- Common: Elevated liver enzymes, nausea, epigastric discomfort, headache
- Rare: Bone marrow suppression, interstitial pneumonia, hypersensitivity reactions

Storage:

Store in a cool, dry place below 25°C
Protect from moisture and direct sunlight
Keep out of reach of children
