

# Lubicom PGP

## Lubicom PGP Eye/Ear Drops (Polyethylene Glycol 0.4% w/v + Propylene Glycol 0.3% w/v)

### Introduction

Lubicom PGP Eye/Ear Drops provide an advanced **lubricating and protective solution** designed for **dry eye syndrome** and **ear irritation**. The combination of **Polyethylene Glycol (PEG) 0.4% w/v** and **Propylene Glycol (PG) 0.3% w/v** ensures **long-lasting hydration, reduced irritation, and protection against environmental damage**. These drops effectively relieve symptoms such as **dryness, burning, itching, and discomfort in the eyes and ears**.

### Composition & Mechanism of Action

1. **Polyethylene Glycol (0.4% w/v)**
  - Acts as an **ocular lubricant** that mimics natural tears, forming a **protective film** over the eye surface.
  - Prevents **moisture loss** and shields against **environmental irritants**.
2. **Propylene Glycol (0.3% w/v)**
  - A **humectant and lubricant** that enhances **hydration and tear film stability**.
  - Helps in **reducing inflammation and irritation** in both eyes and ears.

### Indications & Uses

Lubicom PGP Drops are indicated for:

- **Dry Eye Syndrome** – Provides relief from **burning, irritation, and foreign body sensation**.
- **Eye Strain & Redness** – Used for **computer vision syndrome, prolonged screen exposure, and contact lens wearers**.
- **Post-Surgical Eye Care** – Supports recovery after **LASIK or cataract surgery**.
- **Allergic & Environmental Eye Irritation** – Soothes eyes affected by **pollution, dust, wind, and smoke**.
- **Ear Dryness & Irritation** – Lubricates and soothes the **ear canal** in cases of **earwax removal, excessive cleaning, or dryness**.

### Dosage & Administration

- **For Eyes:** Instill **1–2 drops** in each eye **as needed**, or as directed by a physician.
- **For Ears:** Instill **1–2 drops** into the ear canal **as required**.
- **Instructions for Use:**
  - Wash hands before use.
  - Tilt head back (for eyes) or sideways (for ears) and administer the drops.
  - Blink a few times or massage the ear gently for even distribution.
  - Avoid touching the dropper tip to prevent contamination.

## Precautions & Warnings

- For **external use only**—not to be ingested.
- If irritation persists or worsens, **consult an ophthalmologist or ENT specialist**.
- Do not use with **infected or injured eyes/ears** without medical advice.
- Avoid use in **children under 3 years** unless prescribed by a doctor.
- Store at **room temperature** and keep away from direct sunlight.

## Side Effects

- **Mild burning or stinging** upon application (temporary).
- **Blurred vision** for a few seconds after instilling eye drops.
- **Rare allergic reactions** such as **redness, swelling, or excessive tearing**.

## Conclusion

Lubicom PGP Eye/Ear Drops offer **long-lasting hydration and relief** for **dry, irritated eyes and ears**. Their **dual-action lubrication** makes them an excellent choice for individuals suffering from **dry eye syndrome, allergies, prolonged screen exposure, or ear discomfort**.
