Information For the User

Carboxymethylcellulose (3mg/ml) + Glycerin (10mg/ml) + n-acetylcarnosine (10mg/ml)

Lubicom Ultra Eye Drop

Lubicom Ultra Eye Drops

Composition:

Each ml contains:

- **Carboxymethylcellulose** 3 mg (Lubricant)
- **Glycerin** 10 mg (Ophthalmic Moisturizer)
- **N-Acetylcarnosine** 10 mg (Antioxidant)
- **Excipients** q.s.

Description:

Lubicom Ultra Eye Drops provide intensive lubrication and antioxidant protection for dry, irritated, and fatigued eyes.

- Carboxymethylcellulose (CMC) acts as an ocular lubricant, relieving dryness, burning, and discomfort.
- **Glycerin** helps **retain moisture**, preventing **evaporation** and maintaining a stable tear film.
- **N-Acetylcarnosine (NAC)** is an antioxidant that **reduces oxidative stress**, helping to **protect against cataract formation** and **improve lens clarity**.

Indications:

- Severe dry eye syndrome (Keratoconjunctivitis Sicca)
- **Redness and irritation due to environmental factors** (dust, smoke, prolonged screen exposure)
- Contact lens discomfort
- Oxidative eye damage prevention (Cataract support)

Dosage & Administration:

• Instill 1-2 drops into the affected eye(s) as needed or as prescribed by a physician.

Contraindications:

- Hypersensitivity to **any component** of the formulation.
- Not for use in active eye infections unless directed by a doctor.

Warnings & Precautions:

- For ophthalmic use only.
- **Do not touch the dropper tip** to prevent contamination.
- **Remove contact lenses** before application and wait **at least 15 minutes** before reinsertion.

Adverse Effects:

- Temporary blurred vision or mild eye discomfort.
- Slight burning or stinging upon instillation.

Storage:

- Store below **30**°C, away from direct sunlight.
- Discard after 4 weeks of opening.
- Keep out of reach of children.
