Description:

Matriplus Capsule is an Ayurvedic proprietary formulation containing a blend of traditionally recognized herbs and mineral preparations known for their nutritional, rejuvenating, and women's health-supportive properties. The formulation is designed to support maternal well-being, promote nutritional balance, and assist in maintaining overall vitality. It helps in supporting general health, strength, and physiological wellness during periods of increased nutritional demand.

Indications:

Traditionally used for:

- Nutritional support for women
- General weakness and fatigue
- Support during periods of increased nutritional requirements
- Maintenance of overall health and vitality
- Rejuvenation and wellness support

It helps in supporting energy levels, nutritional status, and overall well-being.

Dosage & Administration:

Dosage should be taken as directed by the Ayurvedic physician or healthcare professional.

The capsule should be swallowed with water, preferably after meals.

Pharmacological Action:

- Jivanti is traditionally known for its nourishing and rejuvenating properties.
- Shatavari and Vidarikand are recognized in Ayurveda for supporting strength, vitality, and female wellness.
- Amla provides antioxidant support and contributes to overall health maintenance.
- Methi and Suwa are traditionally used to support digestion and nutritional balance.
- Godanti Bhasma is valued in Ayurveda for its supportive role in maintaining general wellness.

Together, these ingredients help support nutritional health, vitality, and overall physiological balance.

Side Effects:

When taken in the recommended dosage, the product is generally well tolerated.

No significant adverse effects have been reported with normal use.

Hypersensitivity to any ingredient may occur in susceptible individuals.

Precautions & Warnings:

- Use under the guidance of a qualified healthcare professional
 - Do not exceed the recommended dosage
 - Individuals with known hypersensitivity to any ingredient should avoid use
 - Keep out of reach of children
 - Consult a healthcare professional before use during pregnancy or lactation if required
-

Drug Interactions:

No significant drug interactions are known when used as recommended.

Patients receiving concurrent medication should consult their healthcare professional before use.

Storage:

Store in a cool, dry place below 25°C.

Protect from direct sunlight and moisture.

Keep the container tightly closed after use.

Keep out of reach of children.
