

Information For the User
Metoprolol Succinate 25mg + Amlodipine 2.5mg Tablet

Metoperil AM 25 Tablet

Brand Name: Metoperil AM 25 Tablet

Composition:

Each film-coated tablet contains:

Metoprolol Succinate IP 25 mg

Amlodipine Besylate IP equivalent to Amlodipine 2.5 mg

Therapeutic Indication:

Used in the management of hypertension

Helps in controlling blood pressure when monotherapy is insufficient

May be used in patients with angina pectoris or other cardiovascular conditions requiring dual therapy

Mechanism of Action:

Metoprolol Succinate is a selective beta-1 adrenergic blocker

It reduces heart rate, myocardial contractility, and cardiac output, lowering blood pressure and cardiac workload

Amlodipine is a calcium channel blocker that relaxes vascular smooth muscle, causing vasodilation and reducing peripheral resistance

The combination provides additive antihypertensive effect by targeting different mechanisms

Dosage & Administration:

Usual adult dose: one tablet once daily or as directed by the physician

Swallow the tablet whole with water, can be taken with or without food

Dose adjustment may be required in patients with renal or hepatic impairment

Contraindications:

Hypersensitivity to Metoprolol, Amlodipine, or any component of the formulation

Severe bradycardia, heart block greater than first degree, cardiogenic shock, or decompensated heart failure

Pregnancy and lactation

Severe hypotension

Warnings & Precautions:

Monitor heart rate, blood pressure, and ECG periodically

Use with caution in patients with diabetes, asthma, or chronic obstructive pulmonary disease

Avoid abrupt discontinuation of Metoprolol to prevent rebound hypertension or angina

May cause dizziness or fatigue – advise caution while driving

Side Effects:

Common: dizziness, fatigue, headache, palpitations, peripheral edema

Less common: hypotension, bradycardia, nausea, flushing

Rare: severe arrhythmias, allergic reactions, hepatic dysfunction

Storage:

Store in a cool, dry, and dark place below 25°C
Protect from moisture and direct sunlight
Keep out of reach of children

Packaging:

Metoperil AM 25 Tablet is available in blister or alu-alu strip packs

Schedule:

Schedule H Prescription Drug – To be sold by retail on the prescription of a registered medical practitioner only
