

Miratyle 50 Tablet

Mirabegron (E.R.) 50mg Tablet – Advanced Overactive Bladder Management

Composition:

Mirabegron (E.R.) 50mg

Pharmaceutical Segment:

Urology | Overactive Bladder Treatment

Brand Name:

[Your Brand Name]

Therapeutic Uses & Benefits

Primary Indication:

- Effective treatment for **overactive bladder (OAB)** symptoms, including urgency, frequent urination, and urinary incontinence.

Secondary Benefits:

- Relaxes bladder muscles, allowing better urine storage and reducing sudden urges.
- Improves bladder control and reduces leakage incidents.
- Enhances quality of life by minimizing nocturnal urination (nocturia).
- Long-lasting effect with an **extended-release formulation**.
- Suitable for long-term use in OAB management.

How It Works

- **Mirabegron (E.R.) 50mg** is a **β 3-adrenergic agonist** that relaxes the detrusor muscle of the bladder, increasing its storage capacity and reducing the urgency to urinate.

Usage Instructions

Recommended Dosage & Administration:

1. Take **one tablet once daily** with or without food.
2. Swallow whole; do not chew, crush, or split the tablet.
3. Follow your healthcare provider's instructions for the best results.
4. Maintain hydration and a healthy lifestyle for optimal bladder function.

Why Choose [Your Brand Name] Mirabegron (E.R.) 50mg Tablet?

- **Extended-release formulation** for consistent symptom relief.
- **Clinically validated** for effective overactive bladder management.
- **WHO-GMP certified** for quality assurance.
- **Minimal side effects** compared to conventional OAB treatments.
- **Available for bulk supply, PCD pharma franchise, and third-party manufacturing.**
