

# Moyxplant CV Drops

**Brand Name:** Moyxplant CV Drop

**Dosage Form:** Drop

### **Composition:**

Each 1 ml contains:

- Amoxycillin IP 80 mg
- Clavulanic Acid IP 11.4 mg

### **Description:**

Moyxplant CV Drop contains a combination of Amoxycillin, a broad-spectrum penicillin antibiotic, and Clavulanic Acid, a  $\beta$ -lactamase inhibitor. It helps in **treating bacterial infections by inhibiting cell wall synthesis and overcoming  $\beta$ -lactamase-mediated resistance.**

### **Indications:**

Indicated for the treatment of:

- Respiratory tract infections (including otitis media, sinusitis, and bronchitis)
- Urinary tract infections
- Skin and soft tissue infections
- Dental infections

It helps in controlling infections caused by susceptible Gram-positive and Gram-negative bacteria.

### **Dosage & Administration:**

Dosage should be as directed by the physician.

Shake well before use.

Use the calibrated dropper for accurate dosing.

### **Pharmacological Action:**

- **Amoxycillin:** Inhibits bacterial cell wall synthesis, resulting in bactericidal activity.
- **Clavulanic Acid:** Inhibits  $\beta$ -lactamase enzymes, enhancing Amoxycillin's effectiveness against resistant bacteria.

### **Side Effects:**

Mild diarrhea, nausea, or skin rash may occur in some patients.

### **Precautions & Warnings:**

- Use with caution in patients with renal impairment
- Hypersensitivity reactions may occur in penicillin-sensitive individuals
- Prolonged therapy may result in superinfection

### **Drug Interactions:**

May interact with anticoagulants or other antibiotics; use under medical supervision.

**Storage:**

Store below 25°C in a cool, dry place.

Keep the bottle tightly closed and out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**

**(An ISO 9001: 2015 Certified Co.)**
