

The Ultimate & foremost Miraculous Combination

Vitamin E (400IU) + Wheat germ oil (100mg) + Omega-3 fatty acid (30mg)

Vitamin E

- It helps maintain healthy skin and eyes, and strengthen the body's natural defence against illness and infection (the immune system).
- Vitamin E decreases lipid peroxidation in vitro and in vivo by breaking chain propagation.
- Vitamin E and omega-3 fatty acid co-supplementation is a good combination to gain antioxidant and anti-inflammatory outcomes

Wheat Germ oil

- It may be an antioxidant.
- It has the ability to inhibit the growth of the bacteria.
- It has anti-inflammatory properties

Omega 3 Fatty Acid

- Omega-3 fatty acids are beneficial in reducing the risk of having cardiovascular diseases like heart stroke.
- Type 2 Diabetes
- **Rheumatoid Arthritis**
- **Ulcerative Colitis**
- **Cardiovascular Disease**
- **■** Metabolic Syndrome
- Atopic Dermatitis
- **■** Psoriasis
