Description:

Multibolt L Syrup is a comprehensive nutritional formulation enriched with essential vitamins, minerals, and amino acids. It supports normal growth, boosts immunity, enhances appetite, and helps in faster recovery from illness or deficiency states.

Indications:

- Appetite stimulant in growing children
- Nutritional deficiency disorders
- General weakness and fatigue
- Support during recovery and convalescence
- Immunity enhancement

Mechanism of Action:

- **L-Lysine** supports protein synthesis and promotes appetite.
- **Vitamins A, D3, E, and C** improve immune response and promote tissue repair.
- **B-complex vitamins and Niacinamide** aid in energy metabolism and neurological function.
- **Zinc, Iodine, and trace elements** are vital for enzymatic functions and cellular activity.

Dosage and Administration:

Children: 5 ml once or twice daily

Adults: 10–15 ml daily or as directed by the physician

Contraindications:

- Known hypersensitivity to any component
- Hypervitaminosis or mineral overload

Precautions:

- Shake well before use
- Do not exceed recommended dose
- Use under medical advice in pregnant/lactating women or patients with chronic illnesses

Side Effects:

- Generally well tolerated
- Occasional nausea or mild GI discomfort may occur
- Rare allergic reactions

Storage:

Store in a cool, dry place below 25°C. Protect from sunlight. Keep out of reach of children.
