

Mycofoli 540

Mycophenolate Sodium
Tablets 540 mg

Potent Immunosuppressive Action

Effectively prevents organ rejection by suppressing T & B cell proliferation.

Supports Organ Transplant Success

Enhances long-term graft survival in kidney, heart & liver transplant patients.

Well-Tolerated & Safe

Better gastrointestinal tolerability compared to other immunosuppressants.

Long-Term Disease Management

Ideal for maintenance therapy in autoimmune & transplant patients.

Trusted by Clinicians

Globally recommended in transplant & autoimmune treatment guidelines.

Indications

Renal Transplantation

Cardiac Transplantation

Liver Transplantation

Autoimmune
Diseases

Rheumatoid
Arthritis
