

Myohub D Sachet

Cholecalciferol 1000 IU + Myo-Inositol 2000 mg + D-Chiro Inositol 50 mg Sachet

A Powerful Blend for Hormonal Health & Wellness

Our **Cholecalciferol (Vitamin D3) 1000 IU + Myo-Inositol 2000 mg + D-Chiro Inositol 50 mg Sachet** offers a carefully crafted combination of nutrients designed to support hormonal balance, reproductive health, and overall wellness. This supplement is ideal for individuals looking to support their body's natural processes, especially for women dealing with conditions like Polycystic Ovary Syndrome (PCOS), but beneficial for anyone seeking to boost their overall health.

Key Benefits:

- **Supports Hormonal Balance:**
 - **Myo-Inositol (2000 mg)** and **D-Chiro Inositol (50 mg)** work synergistically to help balance hormones, especially for women with PCOS. This combination promotes healthy ovarian function, regular menstrual cycles, and may help improve insulin sensitivity.
- **Boosts Reproductive Health:**
 - Myo-Inositol and D-Chiro Inositol are essential in regulating ovarian function and improving the quality of eggs. This combination may help women with irregular cycles or fertility issues to restore balance and support reproductive health.
- **Vitamin D Support:**
 - **Cholecalciferol (1000 IU)**, also known as Vitamin D3, plays a vital role in calcium absorption, immune function, and overall health. It helps maintain bone strength and contributes to a healthy immune system.
- **Improves Insulin Sensitivity:**
 - The blend of **Myo-Inositol** and **D-Chiro Inositol** may help improve insulin sensitivity, which is essential for

metabolic health. This can be especially helpful for individuals with PCOS, as insulin resistance is a common concern.
