

Nafroxyle-300

Tablets

Taurine 500mg + Acetylcysteine 300mg

Helps thin and loosen mucus, making **cough more productive** and easier to clear.

Acetylcysteine acts as a **potent antioxidant**, reducing oxidative stress in respiratory tissues.

Supports **glutathione production**, enhancing the body's natural defense system.

Helps reduce **inflammation** in airways and supports overall respiratory health.

Taurine supports **cell protection** and maintains respiratory muscle function.

Indications

Productive Cough

Acute & Chronic Bronchitis

Throat Irritation & Congestion

Respiratory Tract Infections

Sinusitis & Upper Airway Conditions
