

"Dual Action **Relief for Pain,**
Spasm & **Faster Healing**"

Nifenorm-L Cream

Lidocaine (1.5% w/w) + Nifedipine (0.3% w/w) **Cream**

- Provides quick and effective local pain relief at the affected area.
- Relaxes anal sphincter muscles to ease pressure and discomfort.
- Improves local blood circulation, promoting faster wound healing.
- Reduces swelling, burning, and irritation in fissures and hemorrhoids.
- Helps in smooth, pain-free bowel movements.
- Soothes inflamed tissue and restores comfort naturally.
- Non-greasy and easy-to-apply formulation for better compliance.
- Ensures prolonged relief from pain and spasm with regular use.
