

Information For the User  
Ofloxacin (0.3% w/v) Eye/ Ear Drop

# Ofloglee Eye/Ear Drop

**Brand Name:** Ofloglee Eye/Ear Drop

**Dosage Form:** Eye/Ear Drops

**Composition:**

Each ml contains:

- **Ofloxacin IP 0.3% w/v**

**Description:**

Ofloglee Eye/Ear Drop contains Ofloxacin, a fluoroquinolone antibiotic effective against a broad range of gram-positive and gram-negative bacteria. It is used for the treatment of bacterial infections of the eye and ear.

**Indications:**

Indicated for the treatment of:

- Bacterial conjunctivitis
- Corneal ulcers
- External ear infections (otitis externa)
- Other susceptible bacterial infections of eye and ear

It helps in eliminating bacterial pathogens and relieving associated symptoms.

**Dosage & Administration:**

Dosage should be used as directed by the physician.

For ophthalmic or otic use only.

Avoid touching the dropper tip to prevent contamination.

**Pharmacological Action:**

Ofloxacin inhibits bacterial DNA gyrase and topoisomerase IV enzymes, thereby preventing DNA replication, transcription, and repair, resulting in bacterial cell death.

**Side Effects:**

Mild burning, irritation, itching, or discomfort at the site of application may occur.

**Precautions & Warnings:**

- For topical use only
- Discontinue use if hypersensitivity occurs
- Avoid prolonged use without medical supervision
- Use with caution in pediatric patients as advised by physician

**Drug Interactions:**

No significant drug interactions reported with topical use.

**Storage:**

Store below **25°C** in a cool and dry place.

Protect from light.  
Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**

**(An ISO 9001: 2015 Certified Co.)**
