

Olmeslide 20 Tablet

Brand Name: Olmeslide 20 Tablet

Dosage Form: Tablet

Composition:

Each film-coated tablet contains:

- Olmesartan Medoxomil IP 20 mg
-

Description:

Olmeslide 20 Tablet contains Olmesartan Medoxomil, an angiotensin II receptor blocker (ARB) used in the management of hypertension. It acts by relaxing blood vessels and reducing peripheral vascular resistance, thereby helping to lower blood pressure effectively. It helps in improving cardiovascular health and reducing the risk of complications associated with uncontrolled hypertension.

Indications:

Indicated for the treatment of:

- Essential hypertension
- Hypertension requiring angiotensin II receptor blocker therapy

It helps in controlling blood pressure and reducing the risk of stroke, heart attack, and other cardiovascular complications.

Dosage & Administration:

Dosage should be as directed by the physician.

The tablet may be taken with or without food, preferably at the same time each day.

Regular monitoring of blood pressure and renal function is recommended during therapy.

Pharmacological Action:

- Olmesartan Medoxomil selectively blocks angiotensin II from binding to AT1 receptors in blood vessels and adrenal glands.
- This causes vasodilation, decreased aldosterone secretion, and reduction in blood pressure.

These effects help in maintaining cardiovascular stability and improving blood circulation.

Side Effects:

Common side effects include dizziness, headache, nausea, fatigue, and mild hypotension.

Rarely, hyperkalemia, renal impairment, or hypersensitivity reactions may occur.

Precautions & Warnings:

- Use with caution in patients with renal or hepatic impairment
 - Monitor serum potassium and kidney function periodically
 - Risk of hypotension may increase in dehydrated or volume-depleted patients
 - Not recommended during pregnancy
 - Use cautiously in elderly patients
-

Drug Interactions:

**May interact with potassium supplements, potassium-sparing diuretics, NSAIDs, lithium, and other antihypertensive agents.
Concurrent use with alcohol may enhance hypotensive effects.**

Storage:

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.
