

Olmeslide 40 Tablet

Brand Name: Olmeslide 40 Tablet

Dosage Form: Tablet

Composition:

Each film-coated tablet contains:

- Olmesartan Medoxomil IP 40 mg
-

Description:

Olmeslide 40 Tablet contains Olmesartan Medoxomil, an angiotensin II receptor blocker (ARB) indicated for the management of hypertension. It works by relaxing blood vessels and reducing vascular resistance, thereby helping to lower blood pressure effectively. It helps in maintaining cardiovascular stability and reducing the risk of complications associated with uncontrolled hypertension.

Indications:

Indicated for the treatment of:

- Essential hypertension
- Hypertension requiring angiotensin II receptor blocker therapy

It helps in controlling elevated blood pressure and reducing the risk of stroke, myocardial infarction, and other cardiovascular complications.

Dosage & Administration:

Dosage should be as directed by the physician.

The tablet may be taken with or without food, preferably at the same time each day.

Regular monitoring of blood pressure and renal function is recommended during therapy.

Pharmacological Action:

- Olmesartan Medoxomil selectively blocks the binding of angiotensin II to AT1 receptors in vascular smooth muscle and adrenal glands.
- This results in vasodilation, reduced aldosterone secretion, and decreased blood pressure.

These actions help in improving blood flow and maintaining cardiovascular control.

Side Effects:

Common side effects include dizziness, headache, fatigue, nausea, and mild hypotension.

Rarely, renal impairment, hyperkalemia, or hypersensitivity reactions may occur.

Precautions & Warnings:

- Use with caution in patients with renal or hepatic impairment
 - Monitor renal function and serum potassium periodically
 - Risk of hypotension may increase in volume-depleted patients
 - Not recommended during pregnancy
 - Use cautiously in elderly patients
-

Drug Interactions:

**May interact with potassium supplements, potassium-sparing diuretics, NSAIDs, lithium, and other antihypertensive agents.
Concurrent use with alcohol may enhance hypotensive effects.**

Storage:

Store below 25°C in a cool, dry place.

Protect from moisture and light.

Keep out of reach of children.
