

# Orastyle Ulcer Gel

Choline Salicylate (8.7% w/w) + Lidocaine (2.0% w/w)  
Gel

---

## Composition

Each 100g of gel contains:

- Choline Salicylate 8.7% w/w
  - Lidocaine 2.0% w/w
- 

## Indications

This gel is indicated for the temporary relief of pain and inflammation associated with various musculoskeletal and joint conditions, including:

- Muscle Pain
  - Joint Pain
  - Sprains and Strains
  - Arthritis (Osteoarthritis, Rheumatoid Arthritis)
  - Back Pain
  - Soft Tissue Injuries
  - Sports Injuries
- 

## Mechanism of Action

- **Choline Salicylate:** A non-steroidal anti-inflammatory drug (NSAID) that helps reduce inflammation, swelling, and pain at the site of application. It works by inhibiting the production of prostaglandins, which are chemicals in the body involved in inflammation.
  - **Lidocaine:** A local anesthetic that numbs the area where it is applied, providing fast relief from pain by blocking the nerve signals in the skin and underlying tissues.
- 

## Benefits

- **Pain Relief:** Offers fast and effective relief from mild to moderate pain associated with muscles and joints.
  - **Anti-inflammatory:** Helps reduce inflammation, swelling, and stiffness in affected areas.
  - **Cooling Sensation:** Provides a soothing, cooling effect on the skin, reducing discomfort.
  - **Non-invasive:** No need for oral medication or injections, making it a convenient option for localized pain.
- 

## How to Use

1. **Clean the Affected Area:** Wash and dry the area where you wish to apply the gel.
  2. **Apply a Thin Layer:** Gently massage a small amount of the gel onto the affected area.
  3. **Rub In:** Massage the gel into the skin until it is absorbed, ensuring full coverage of the painful area.
  4. **Repeat as Needed:** Apply 3–4 times daily or as directed by a healthcare provider.
  5. **Wash Hands After Use:** Wash your hands thoroughly after applying the gel unless your hands are the treated area.
- 

## Precautions

- **Avoid Contact with Eyes and Mucous Membranes:** Do not apply the gel near the eyes, mouth, or other sensitive areas.
- **Not for Broken Skin:** Do not apply to broken, inflamed, or irritated skin.
- **Allergic Reactions:** If you experience any signs of irritation, redness, or an allergic reaction, discontinue use and consult a healthcare professional.
- **Use as Directed:** Follow the prescribed dosage and frequency of application. Overuse may lead to adverse effects.
- **Consult a Doctor:** If symptoms persist or worsen, or if you have a history of allergies to NSAIDs or local anesthetics, consult your healthcare provider before using.

---

## Storage Instructions

- **Store at room temperature, away from direct sunlight.**
  - **Keep the tube tightly closed when not in use.**
  - **Keep out of reach of children.**
- 

## Relieve Pain and Inflammation with Ease

**This gel combines the therapeutic effects of choline salicylate and lidocaine to provide fast-acting relief from pain and inflammation. Ideal for localized conditions like arthritis, sprains, or muscle pain, it offers an easy-to-use, topical solution for effective pain management.**
