

Information For the User

Pancreatin 300mg + Lipase Activity 25,000 Ph Eur Units + Amylase Activity 20,000 Ph Eur Units + Protease Activity 1,000 Ph Eur Units

Pacrint 25K Tablet

Pancreatin (300 mg) Tablet with Enzyme Activities

Active Ingredients:

- **Pancreatin:** 300 mg
- **Lipase Activity:** 25,000 Ph. Eur. Units
- **Amylase Activity:** 20,000 Ph. Eur. Units
- **Protease Activity:** 1,000 Ph. Eur. Units

What is Pancreatin?

Pancreatin is a combination of digestive enzymes (lipase, amylase, and protease) extracted from the pancreas. These enzymes help break down fats, carbohydrates, and proteins in the digestive tract, aiding in proper digestion and nutrient absorption.

Indications

Pancreatin is used in conditions where the pancreas does not produce enough enzymes (pancreatic insufficiency), including:

- Chronic pancreatitis
- Cystic fibrosis
- Pancreatic cancer or after pancreatic surgery
- Malabsorption disorders

Dosage and Administration

- **Usual Dose:**
 - One tablet taken with meals or snacks, or as directed by a healthcare provider.
 - Dosage may vary depending on the severity of enzyme deficiency and dietary fat content.
- **Administration Tips:**
 - Swallow the tablet whole with water. Do not crush or chew the tablet to

prevent irritation in the mouth or throat.

- Take immediately before or during meals for maximum effectiveness.

Precautions

- **Inform Your Doctor:**
 - If you have gout, high uric acid levels, or kidney disease.
 - If you are pregnant, planning to become pregnant, or breastfeeding.
- Avoid excessive doses, as they may cause gastrointestinal upset or increase uric acid levels.
- Do not use in individuals with a known allergy to pork-derived products.

Potential Side Effects

Common:

- Nausea or vomiting
- Abdominal pain or bloating
- Diarrhea or constipation

Less Common but Serious:

- Mouth or perianal irritation (if the tablet is not swallowed whole).
- Allergic reactions (e.g., rash, itching, or swelling).

Drug Interactions

- May interact with certain antacids, particularly those containing calcium or magnesium.
- Inform your doctor about all medications or supplements you are taking.

Storage

- Store in a cool, dry place, away from direct sunlight.
 - Keep the medication out of reach of children.
-

Important Notes

- This medication is enzyme-specific and does not replace dietary modifications or other therapies recommended for digestive health.
- Always follow the advice of your healthcare provider regarding dosage and duration of treatment.
