

Information For the User
Caffeine (100mg) + Ergotamine (1mg) + Paracetamol (250mg) + Prochlorperazine (2.5mg)
Tablet

Paraplom ET Tablet

Brand Name: Paraplom ET Tablet

Dosage Form: Tablet

Composition:

Each tablet contains:

Caffeine IP 100 mg

Ergotamine Tartrate IP equivalent to Ergotamine 1 mg

Paracetamol IP 250 mg

Prochlorperazine Maleate IP equivalent to Prochlorperazine 2.5 mg

Therapeutic Indication:

Indicated for the acute treatment of migraine attacks with or without aura in adults.

Helps relieve headache, nausea, vomiting, and associated symptoms by combining analgesic, vasoconstrictive, antiemetic, and central nervous system stimulating effects.

Mechanism of Action:

Paracetamol acts as an analgesic and antipyretic by inhibiting prostaglandin synthesis in the CNS.

Ergotamine causes vasoconstriction of dilated cranial blood vessels, reducing migraine headache.

Caffeine enhances the analgesic effect of ergotamine and paracetamol.

Prochlorperazine acts as a dopamine antagonist to control nausea and vomiting associated with migraine.

Dosage & Administration:

Adult dose: One tablet at the onset of migraine attack.

May repeat after 30–60 minutes if necessary, not exceeding the maximum recommended daily dose as per physician advice.

Swallow whole with water.

Use only for acute attacks, not for prophylactic treatment.

Contraindications:

Hypersensitivity to any of the ingredients.

Peripheral vascular disease, coronary artery disease, uncontrolled hypertension.

Pregnancy, breastfeeding, or use within 24 hours of other ergotamine-containing medications.

Severe hepatic or renal impairment.

Warnings & Precautions:

Use with caution in patients with cardiovascular disease, renal or hepatic dysfunction.

Avoid concomitant use with certain medications (e.g., triptans, potent CYP3A4 inhibitors).

Discontinue if chest pain, severe dizziness, or allergic reactions occur.

Not recommended for children.

Side Effects:

Common: Nausea, vomiting, dizziness, palpitations, tingling or numbness in fingers/toes.

Rare: Severe vasospasm, hypotension, arrhythmia, allergic reactions.

Storage:

Store below 25°C in a cool, dry place.

Protect from moisture and light.

Keep out of reach of children.

Packaging:

Paraplom ET Tablet is available in strip packs of 10 tablets.

Schedule:

Schedule H Drug — To be sold by retail on the prescription of a Registered Medical Practitioner only.
