

Permitime Soap

Permethrin 1% w/w Soap – Effective Medicated Soap for Scabies & Skin Protection

Composition:

Permethrin 1% w/w

Pharmaceutical Segment:

Dermatology | Scabies Treatment | Medicated Soap

Brand Name:

[Your Brand Name]

Therapeutic Uses & Benefits

Primary Indication:

- **Effective treatment for scabies**, eliminating mites and their eggs from the skin.

Secondary Benefits:

- Helps in the management of **lice infestations** on the skin.
- Provides **antiparasitic action**, preventing reinfestation.
- Maintains **skin hygiene** and prevents bacterial infections caused by scratching.
- Suitable for **daily use** to ensure long-term protection from skin parasites.

How It Works

- **Permethrin 1% w/w** is a **synthetic pyrethroid** that paralyzes and kills mites, lice, and their eggs by affecting their nervous system. It effectively eliminates scabies infestations with consistent use.

Usage Instructions

Recommended Dosage & Administration:

1. Wet the skin and apply the soap, working it into a lather.
2. Leave the lather on the skin for **5-10 minutes** before rinsing off.
3. Use **once daily** or as directed by a healthcare professional.
4. Avoid contact with eyes, mouth, and sensitive areas.
5. Regular use helps in preventing re-infestation.

Why Choose [Your Brand Name] Permethrin 1% w/w Soap?

- **Clinically proven** for scabies treatment and skin protection.
- **Gentle on skin**, ensuring effective treatment without irritation.
- **WHO-GMP certified** formulation for quality assurance.
- **Ideal for personal use, hospitals, and dermatology clinics.**
- **Available for bulk supply, PCD pharma franchise, and third-party manufacturing.**
