

Information For the User  
Rebamipide (100mg) + Alpha Lipoic Acid (100mg) + Acetylcysteine (100mg) Capsules

# Rebafoli Forte Capsules

**Brand Name:** Rebafoli Forte Capsule

**Dosage Form:** Capsule

**Composition:**

Each capsule contains:

- Rebamipide IP 100 mg
- Alpha Lipoic Acid IP 100 mg
- Acetylcysteine IP 100 mg

**Description:**

Rebafoli Forte Capsule is a combination of gastroprotective and antioxidant agents indicated for the management of gastrointestinal disorders associated with oxidative stress and mucosal injury. It helps in protecting the gastric mucosa, improving cellular antioxidant defenses, and supporting mucolytic activity, thereby promoting gastrointestinal health.

**Indications:**

Indicated for the treatment of:

- Gastritis and gastric mucosal inflammation
- Gastrointestinal oxidative stress conditions
- Ulcer prevention in high-risk patients
- Supportive therapy in chronic gastrointestinal disorders

It helps in reducing gastric irritation, oxidative damage, and mucus viscosity, thereby promoting mucosal healing and symptomatic relief.

**Dosage & Administration:**

Dosage should be as directed by the physician.

Swallow the capsule whole with water.

May be taken with or without food.

Duration of therapy should be individualized based on the clinical condition.

**Pharmacological Action:**

- **Rebamipide** enhances gastric mucosal defense by increasing prostaglandin synthesis and scavenging free radicals.
- **Alpha Lipoic Acid** acts as a potent antioxidant, reducing oxidative stress and protecting cellular structures.
- **Acetylcysteine** exhibits mucolytic and antioxidant activity, reducing mucus viscosity and supporting mucosal healing.

The combination provides synergistic protection of the gastrointestinal mucosa.

**Side Effects:**

Generally well tolerated.

Possible side effects include mild gastrointestinal discomfort, nausea, headache, or allergic reactions in sensitive individuals.

**Precautions & Warnings:**

- Use with caution in patients with known hypersensitivity to any component
- Consult a physician before use in patients with hepatic or renal impairment
- Use under medical supervision in elderly patients

**Drug Interactions:**

Caution with concurrent use of other antioxidants or mucolytic agents.

Consult a physician before combining with other medications affecting gastric mucosa.

**Storage:**

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**
