Rifaximin (200mg) + Ornidazole (500mg) Tablet

Rifaboly OZ Tablet

Brand Name: Rifaboly OZ Tablet

Dosage Form: Tablet

Composition:

Each film-coated tablet contains:

- Rifaximin IP 200 mg
- Ornidazole IP 500 mg

Description:

Rifaboly OZ Tablet is a fixed-dose combination of Rifaximin, a rifamycin-derived, non-systemic broad-spectrum antibiotic, and Ornidazole, a nitroimidazole antimicrobial agent. It is indicated for the management of mixed bacterial and protozoal infections of the gastrointestinal tract. The combination helps in effective eradication of pathogenic organisms responsible for intestinal infections and diarrhea.

Indications:

Indicated for the treatment of:

- Acute and chronic infectious diarrhea
- Amoebiasis and giardiasis
- Mixed bacterial and protozoal gastrointestinal infections
- Intestinal infections as prescribed by the physician

It helps in reducing diarrhea, abdominal pain, bloating, and intestinal inflammation.

Dosage & Administration:

Dosage should be as directed by the physician.

The tablet should be swallowed whole with water, preferably after meals.

Duration of therapy should be completed as prescribed to prevent resistance.

Pharmacological Action:

- **Rifaximin** inhibits bacterial RNA synthesis by binding to the beta-subunit of DNA-dependent RNA polymerase, resulting in bactericidal activity within the gastrointestinal tract.
- **Ornidazole** disrupts DNA synthesis in anaerobic bacteria and protozoa, leading to cell death.

The combination provides broad-spectrum coverage against aerobic, anaerobic, and protozoal pathogens.

Side Effects:

Generally well tolerated.

Possible side effects include nausea, abdominal discomfort, headache, dizziness, and a metallic taste.

Precautions & Warnings:

- Use with caution in patients with severe hepatic impairment
- Avoid alcohol consumption during treatment and for at least 48 hours after completion
- Not recommended during pregnancy unless clearly indicated
- Use under medical supervision

Drug Interactions:

Alcohol may produce a disulfiram-like reaction with Ornidazole.

Caution with concomitant use of anticoagulants or other antimicrobial agents.

Storage:

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.
