Rosumore™

Rosuvastatin I.P. Tablets **20mg**

- Belongs to a class of drugs called HMG-CoA reductase inhibitors is a member of the drug class of statins.
- Works by blocking an enzyme that is needed by the body to make cholesterol, so this reduces the amount of cholesterol in the blood.
- Used together with diet, weight-loss, and exercise to reduce the risk of heart attack and stroke and to decrease the chance that heart surgery will be needed in people who have heart disease or who are at risk of developing heart disease.

for the good health of heart...
