

Information For the User
Simvastatin 20 mg tablet

Simvent 20 tablet

Brand Name: Simvent 20 Tablet

Composition:

Each film-coated tablet contains:

Simvastatin IP 20 mg

Therapeutic Indication:

Indicated for the treatment of primary hypercholesterolemia, mixed dyslipidemia, and familial hypercholesterolemia

Helps reduce elevated total cholesterol, LDL-C, apolipoprotein B, and triglycerides

Increases HDL-C levels and reduces the risk of cardiovascular events

Can be used for primary or secondary prevention in patients with multiple risk factors for cardiovascular disease

Mechanism of Action:

Simvastatin is an HMG-CoA reductase inhibitor that inhibits hepatic cholesterol synthesis, upregulates LDL receptors, and increases clearance of LDL-C from plasma

Leads to a reduction in total cholesterol, LDL-C, apolipoprotein B, and triglycerides, while modestly increasing HDL-C

Dosage & Administration:

Usual adult dose: one tablet once daily in the evening or as directed by the physician

Can be taken with or without food

Dose may be adjusted based on lipid response, renal function, and tolerability

Contraindications:

Hypersensitivity to Simvastatin or any component of the formulation

Active liver disease or unexplained persistent elevations of hepatic transaminases

Pregnancy and lactation

Concurrent use of strong CYP3A4 inhibitors

Warnings & Precautions:

Monitor liver function tests before initiating therapy and periodically thereafter

Use with caution in patients with a history of myopathy or risk factors for rhabdomyolysis

Avoid excessive alcohol consumption

Discontinue immediately if pregnancy occurs

Side Effects:

Common: headache, myalgia, abdominal pain, nausea

Less common: constipation, dizziness, rash

Rare: rhabdomyolysis, elevated liver enzymes, hypersensitivity reactions

Storage:

Store in a cool, dry, and dark place below 25°C

Protect from moisture and light
Keep out of reach of children

Packaging:

Simvent 20 Tablet is available in blister or strip packs

Schedule:

Schedule H Prescription Drug – To be sold by retail on the prescription of a registered medical practitioner only
