

Information For the User
Sodium chloride 3% respules

Nazohub Respule

Brand Name: Nazohub Respule

Dosage Form: Nasal Respule

Therapeutic Category: Isotonic Saline Nasal Solution

Composition:

Each 5 ml contains:

- Sodium Chloride IP – 3% w/v
- Purified Water – q.s.

Pharmacology & Mechanism of Action:

Nazohub Respule is an isotonic saline solution designed to clean and moisturize the nasal passages. Sodium chloride helps in loosening mucus, clearing nasal debris, and maintaining the hydration of nasal mucosa. It assists in restoring the natural osmotic balance of the nasal lining and provides symptomatic relief in nasal dryness, congestion, and minor irritations.

Indications:

- Relief of nasal congestion due to colds, allergies, or sinusitis
- Moisturization of dry nasal passages
- Nasal hygiene and cleansing
- Adjunctive therapy in rhinitis or post-nasal surgery care

Dosage & Administration:

- Adults and children: 1–2 respules per nostril, 2–3 times daily or as directed by the physician
- Tilt the head slightly forward and insert the nozzle gently into the nostril
- Squeeze the respule and allow the solution to flow into the nasal cavity
- Blow the nose gently after administration if required

Contraindications:

- Hypersensitivity to any component of the formulation

Warnings & Precautions:

- For intranasal use only
- Avoid contact with eyes
- Do not share the respule with others to prevent contamination
- Discontinue if irritation or adverse reaction occurs

Adverse Effects:

- Generally well tolerated
- Rarely may cause mild stinging, burning, or sneezing

Storage:

Store in a cool, dry place below 25°C

Protect from light and moisture

Keep out of reach of children
