

Telbolife 40

Telbolife 40 Tablet

Composition: Telmisartan 40mg

Introduction

Telbolife 40 Tablet contains **Telmisartan 40mg**, an **angiotensin II receptor blocker (ARB)** used to **control high blood pressure (hypertension) and reduce the risk of heart disease, stroke, and kidney problems**. It helps in **relaxing blood vessels**, ensuring smoother blood flow and maintaining **optimal blood pressure levels**.

Key Benefits

- **Controls High Blood Pressure** – Helps in managing hypertension effectively.
- **Reduces Risk of Heart Diseases** – Prevents stroke, heart attack, and related complications.
- **Supports Kidney Health** – Beneficial for patients with diabetes-related kidney issues.
- **Long-Lasting Effect** – Provides 24-hour blood pressure control with once-daily dosing.

Indications & Uses

- **Hypertension (High Blood Pressure)**
- **Heart Attack & Stroke Prevention**
- **Diabetic Nephropathy (Kidney Protection in Diabetes Patients)**

Dosage & Administration

- **One tablet daily**, preferably at the same time each day.
- Can be taken **with or without food**, as prescribed by a doctor.

Precautions & Storage

- **Regular monitoring of blood pressure** is recommended.
- **Avoid excessive salt intake and alcohol consumption.**
- Not suitable for **pregnant or breastfeeding women**.
- Store in a **cool, dry place**, away from direct sunlight.

Conclusion

Telbolife 40 Tablet is an **effective and widely used medication for controlling high blood pressure**, ensuring **heart health and kidney protection**. It helps in **reducing cardiovascular risks** and maintaining a **healthy circulatory system**.
