

Information For the User
Telmisartan (40 mg) + Cilnidipine (10 mg) + Chlorthalidone (6.25 mg) Tablet

Telbolife CLC 6.25 Tablet

Telbolife CLC 6.25 Tablet

Dosage Form: Tablet

Composition:

Each film coated tablet contains:

Telmisartan I.P. 40 mg

Cilnidipine I.P. 10 mg

Chlorthalidone I.P. 6.25 mg

Description:

Telbolife CLC 6.25 Tablet is a combination antihypertensive formulation containing Telmisartan, Cilnidipine, and Chlorthalidone. It is used in the management of hypertension and helps provide effective blood pressure control when monotherapy is inadequate. The combination works through multiple mechanisms to relax blood vessels, reduce fluid retention, and improve overall cardiovascular function, thereby lowering the risk of complications associated with high blood pressure.

Indications:

Hypertension

Management of uncontrolled or resistant high blood pressure

Prevention of cardiovascular complications associated with hypertension

Dosage & Administration:

Dosage should be taken as directed by the physician.

Tablet should be swallowed whole with water, preferably at the same time each day.

Pharmacological Action:

Telmisartan is an angiotensin II receptor blocker (ARB) that helps relax blood vessels and reduce blood pressure.

Cilnidipine is a calcium channel blocker that dilates blood vessels and improves blood flow.

Chlorthalidone is a thiazide-like diuretic that helps eliminate excess sodium and water from the body, reducing blood volume and blood pressure.

The combination provides synergistic antihypertensive action for better blood pressure control.

Side Effects:

Dizziness

Headache

Fatigue

Electrolyte imbalance

Peripheral edema

Precautions & Warnings:

Use under medical supervision only.

Regular monitoring of blood pressure, kidney function, and electrolyte levels is recommended.
Use cautiously in patients with renal or hepatic impairment.
Not recommended during pregnancy unless prescribed by a physician.

Drug Interactions:

May interact with other antihypertensive medications, diuretics, potassium supplements, and certain NSAIDs.

Consult physician before using with other medications.

Storage:

Store below 25°C in a dry place.

Protect from light and moisture.

Keep out of reach of children.
