

Information For the User
Telmisartan 80mg + Amlodipine 5mg Tablet

Telbolife AM 80 Tablet

Brand Name: Telbolife AM 80 Tablet

Composition:

Each film-coated tablet contains:

Telmisartan IP 80 mg

Amlodipine Besylate IP equivalent to Amlodipine 5 mg

Therapeutic Indication:

Indicated for the treatment of essential hypertension in patients not adequately controlled by monotherapy

Helps lower blood pressure and reduce the risk of stroke, heart attack, and other cardiovascular events

Effective in patients requiring dual therapy for optimal control

Mechanism of Action:

Telmisartan is an angiotensin II receptor blocker (ARB) that inhibits the binding of angiotensin II to AT1 receptors, promoting vasodilation and reducing aldosterone-related sodium and water retention

Amlodipine is a calcium channel blocker that inhibits calcium influx into vascular smooth muscle, resulting in vasodilation and decreased peripheral vascular resistance

The combination provides a synergistic antihypertensive effect and long-lasting blood pressure control

Dosage & Administration:

Usual adult dose: one tablet once daily or as directed by the physician

Can be taken with or without food

Preferably taken at the same time each day

Dosage may be adjusted based on clinical response and patient profile

Contraindications:

Hypersensitivity to Telmisartan, Amlodipine, or any component of the formulation

Pregnancy and lactation

Severe hepatic impairment or biliary obstruction

Cardiogenic shock or severe hypotension

Warnings & Precautions:

Monitor blood pressure, renal function, and electrolytes regularly

Use with caution in patients with renal artery stenosis, heart failure, or hepatic impairment

Avoid abrupt discontinuation

Discontinue immediately if pregnancy is detected

Side Effects:

Common: dizziness, peripheral edema, flushing, fatigue, headache

Less common: nausea, hypotension, palpitations

Rare: angioedema, hyperkalemia, hepatic dysfunction

Storage:

Store in a cool, dry, and dark place below 25°C
Protect from moisture and sunlight
Keep out of reach of children

Packaging:

Telbolife AM 80 Tablet is available in blister or strip packs

Schedule:

Schedule H Prescription Drug – To be sold by retail on the prescription of a registered medical practitioner only
