q.s. to 100 ml

Dosage Form:

Lotion (Topical Application)

Therapeutic Category:

Baby Skin Moisturizer / Emollient / Daily Skin Protectant

Description:

Tinybud Baby Lotion is a gentle, dermatologically-safe, hydrating formula specially crafted to suit the delicate skin of babies and toddlers. Enriched with natural emollients and scientifically-backed moisturizers, this lotion provides deep hydration, strengthens the skin barrier, and protects against environmental dryness. Its non-greasy and fast-absorbing base ensures baby's skin remains soft, supple, and irritation-free all day long.

Indications:

- Dry, flaky, or dehydrated skin in infants and children
- Maintenance of skin moisture post-bath
- Protection from rashes, chafing, and environmental irritation
- Use in mild eczema or sensitive skin conditions (as supportive care)
- Everyday skin nourishment for babies

Mechanism of Action:

- **Aloe Vera, Olive Oil & Wheatgerm Oil** moisturize and soothe the skin with anti-inflammatory and antioxidant properties
- **Vitamin E & Allantoin** support skin healing and regeneration while protecting against oxidative stress
- **Shea Butter, Cocoa Butter & Glycerin** provide long-lasting hydration and smoothness
- **Dimethicone & Light Liquid Paraffin** act as occlusive agents that form a soft protective barrier over the skin
- **Caprylic Capric Triglyceride & Cetyl Alcohol** enhance skin absorption and softness without irritation
- **Disodium EDTA, Phenoxyethanol, and Ethyl Hexyl Glycerine** ensure product stability and antimicrobial safety for delicate skin

Directions for Use:

Apply a sufficient amount on clean, dry baby skin after bath or whenever required
Massage gently until fully absorbed
Safe for use on face and body
For external use only

Adverse Effects:

Generally well tolerated
Mild irritation or redness may occur in extremely sensitive individuals
Discontinue use if any allergic reaction or rash appears

Precautions:

Avoid contact with eyes
Keep container tightly closed after use
Conduct a patch test before full-body application in newborns or sensitive infants
Do not apply on broken or inflamed skin unless advised by a healthcare professional

Storage:

Store below 30°C in a dry, cool place
Protect from direct sunlight and moisture
Keep out of reach of children
