

Tobraxyle

5 ML

Eye/Ear Drops

Tobramycin Sulphate 0.3% w/v Eye Drops

- Safe and effective in bacterial conjunctivitis caused by haemophilus influenzae, streptococcus pneumoniae, alpha- hemolytic streptococci, staphylococcus aureus and staphylococcus sp.
- Active against susceptible strains of staphylococci, including S. aureus and S. epidermidis (coagulase- positive and coagulase- negative, including penicillin-resistant strains).
- Efficacious in keratitis caused by Pseudomonas aeruginosa.
- Microorganisms resistant to gentamicin remain susceptible to tobramycin.

* Provides **everlasting relief safely** *

When eye infections
becomes unbearable
