

"Promoting Healthy Bile Flow,
Supporting Liver Function"...

CafoliTM
L I F E C A R E

UdostepTM SR 600

Tablets

Ursodeoxycholic Acid (600mg) SR Tablet

- ☑ Helps dissolve cholesterol-rich gallstones and may reduce the need for surgical intervention in selected patients.
- ☑ Improves bile flow from the liver, helping prevent bile accumulation and related complications.
- ☑ Protects liver cells from toxic bile acids and supports healthy liver function.
- ☑ Aids in the management of chronic cholestatic liver diseases and biliary disorders.
- ☑ Helps normalize elevated liver enzymes and improves overall hepatic health.
- ☑ Provides sustained-release action for prolonged therapeutic effect and patient convenience.

Indication In :

Cholesterol Gallstones

Biliary Sludge
