

Volipred suspension

Brand Name: Volipred Suspension

Dosage Form: Suspension

Composition:

Each 5 ml contains:

- Prednisolone IP 5 mg

Description:

Volipred Suspension contains Prednisolone, a synthetic glucocorticoid with potent anti-inflammatory and immunosuppressive properties. It is indicated for the management of various inflammatory, allergic, and autoimmune conditions. It helps in reducing inflammation, suppressing immune responses, and relieving symptoms associated with these disorders.

Indications:

Indicated for the treatment of:

- Allergic conditions
- Inflammatory disorders
- Autoimmune diseases
- Acute exacerbations of asthma and other respiratory conditions

It helps in controlling inflammation, swelling, redness, and allergic manifestations.

Dosage & Administration:

Dosage should be as directed by the physician.

Shake well before use.

Use a calibrated measuring cup or spoon for accurate dosing.

Dose should be individualized based on the severity of the condition and patient response.

Pharmacological Action:

Prednisolone binds to glucocorticoid receptors, modulating gene expression and suppressing the release of pro-inflammatory mediators. It reduces capillary permeability, inhibits migration of inflammatory cells, and suppresses immune system activity, resulting in alleviation of inflammatory and allergic symptoms.

Side Effects:

Possible side effects include gastrointestinal discomfort, increased appetite, mood changes, insomnia, and, with prolonged use, risk of adrenal suppression, osteoporosis, and immunosuppression.

Precautions & Warnings:

- Use with caution in patients with infections, diabetes, hypertension, or peptic ulcer disease
- Abrupt withdrawal may precipitate adrenal insufficiency; taper dose as directed
- Use under medical supervision in pediatric patients
- Monitor for signs of systemic corticosteroid effects with long-term use

Drug Interactions:

May interact with NSAIDs, anticoagulants, antidiabetic agents, and live vaccines.
Monitor therapy accordingly.

Storage:

Store below 25°C in a cool, dry place.
Protect from light and moisture.
Keep out of reach of children.

Manufactured in India for:

Cafoli Lifecare Pvt. Ltd.
