

Information For the User

Warfarin 1 mg Tablet

Warfin 1 tablet

Brand Name: Warfin 1 Tablet

Composition:

Each uncoated tablet contains:

Warfarin Sodium IP equivalent to Warfarin 1 mg

Therapeutic Indication:

Indicated for the prophylaxis and treatment of venous thrombosis pulmonary embolism and thromboembolic complications associated with atrial fibrillation and prosthetic heart valves

Also used to reduce the risk of stroke and systemic embolism in high-risk patients

Mechanism of Action:

Warfarin is a vitamin K antagonist

It inhibits the synthesis of vitamin K-dependent clotting factors II VII IX and X as well as proteins C and S

This results in an anticoagulant effect preventing the formation and extension of blood clots

Dosage & Administration:

Dose must be individualized based on INR (International Normalized Ratio) monitoring

Typical starting dose: 2 to 5 mg daily with adjustments made according to INR values

Warfin 1 mg is generally used for dose titration or in patients with high sensitivity

Take at the same time daily with or without food

Regular INR monitoring is essential to maintain therapeutic range (usually 2.0 to 3.0)

Contraindications:

Hypersensitivity to Warfarin or any component of the formulation

Pregnancy (especially first trimester due to risk of fetal abnormalities)

Active bleeding or bleeding disorders

Severe uncontrolled hypertension recent surgery involving the central nervous system eye or traumatic surgery resulting in large open surfaces

Warnings & Precautions:

Requires close monitoring of INR especially during initiation dose changes or when adding/removing interacting drugs

Use with caution in liver or renal impairment history of GI bleeding alcoholism or fall risk

Avoid changes in dietary vitamin K intake

Many drug-drug and drug-food interactions possible

Side Effects:

Common: bleeding bruising nausea vomiting

Less common: diarrhea rash hair loss

Rare: skin necrosis purple toe syndrome hypersensitivity

Storage:

Store in a cool dry place below 25°C

Protect from moisture and light
Keep out of reach of children

Packaging:

Warfin 1 Tablet is available in blister or strip packs

Schedule:

Schedule H Prescription Drug – To be sold by retail on the prescription of a registered medical practitioner only
