

Womfly 200

Tablets

Albendazole 200 mg

Broad-spectrum anthelmintic effective against a wide range of intestinal parasites.

Disrupts glucose uptake in parasites, leading to energy depletion and death.

Helps in reducing worm load and prevents re-infestation.

Well-tolerated with minimal side effects and safe for use in various age groups.

Supports effective treatment of **mixed infections** caused by nematodes and cestodes.

Indications

Ascariasis
(Roundworm)

Hookworm
Infections

Trichuriasis
(Whipworm)

Enterobiasis
(Pinworm)

Taeniasis
(Tapeworm)

Mixed Helminthic
Infections

Composition :-

Albendazole I.P 200mg.
